

LIVING AS THE PEOPLE OF GOD or THE ONLY WAY IS ETHICS

The way we live as followers of Jesus has always been at odds with the way the world goes about its business but in recent years, the differences have become more marked. To live consistently as a Christian seems a strange choice to those around us, especially where our attitudes to sex and marriage, to money and possessions are concerned.

We shouldn't be surprised by this. But we need to be honest and acknowledge that it isn't easy to live as God's people, His way, in a world going in a different direction.

This series will explore some key areas of Christian behaviour and help us think again about what it means for our ethics, (i.e. our behaviour), to be shaped by Jesus more than by the world around us.
